

# Industrial Exhibits

*Tara Luther*  
*Industrial Exhibits Chair*  
*SkyWater Technology*

The **2022 NSREC industrial exhibits** will be an in-person event featuring the leading suppliers of radiation hardened products, services, R&D and related materials. This will be an excellent opportunity for key suppliers, technical engineers, and industry professionals to meet and discuss the needs and solutions applications requiring radiation tolerance in harsh environments.

The **2022 NSREC industrial exhibits** will be held in the event hall on the first floor of the Utah Valley Convention Center.

Exhibit hall schedule (tentative):

- Tuesday July 19, 7:00 a.m. – 7:00 p.m.
- Wednesday July 20, 7:00 a.m. – 1:30 p.m.

Booth space fee: \$3,500 per single booth space.

Exhibit sales will start in October 2021. Booth spaces will be reserved upon receipt of full payment on a first-come, first-served basis. For more information, or to get on the waiting list for a booth, contact:
